TWISTED CORDS are unsightly, inconvenient, and cause telephone troubles. Your service is better when you keep the kinks out of the cords.
There is nothing quite as satisfactory as a conversation in times of emergency. Use the telephone.
**Success in Business Means**

**KEEPING YOUR NAME CONSTANTLY BEFORE THE PUBLIC.**

The telephone manager will gladly give you rates and other particulars.

---

**THE LINE IS BUSY** is an answer that does not fit in with the spirit of business. If you have enough telephone circuits running into your office your customers will never be told that your line is busy.

---

Are all the members of your family identified in the telephone directory? For instance, is there some one at your home who cannot be found by persons who wish to reach him or her by telephone? Additional listings are inexpensive.
Don't Buy Attachments for Your Telephone

Your telephone instrument is the result of many years of study and experiment conducted by those who know the most about the art of telephony. Proper performance depends on the use of your telephone instrument as furnished by the Company.

Subscribers are urged not to buy attachments advertised or those offered for sale by peddlers. They will impair your service rather than improve it.
